ATTN OF:

ERD:BKT:3112

SUBJECT:

Involvement in Ecology Studies

TO:

Steve Nesta
NEPA
EG&G Rocky Flats, Inc.

The purpose of this letter is to insure that EG&G's Remediation Programs Division is involved in the Ecology studies currently being managed by EG&G's NEPA Division. These studies include:

- 1) Baseline Ecological Studies
- 2) Wetland Studies (if additional work is to be done)
- 3) Threatened & Endangered Species Studies
- 4) Radioecological Studies (Deer)
- 5) Radioecological Studies (Small Animals & Plant Uptake)

The purpose of the Remediation Programs Division's involvement is to: 1) provide additional oversight of work plans, field activities, reports, etc., and 2) insure that by their knowledge of these studies that they are integrated into the Environmental Evaluations required under CERCLA. It should be noted that the NEPA Division is currently involved in the Environmental Evaluation process. This involvement should facilitate incorporating results from Environmental Evaluations into the Site-Wide Environmental Impact Statement.

Please respond to this letter by stating who the Remediation Programs Division representative will be and by describing, in detail, the level of oversight that will be provided.
